BRISTOL TERRACE MAN DIES AFTER SCHOOL BUS CRASH

Steel, Union Researching Pact Issues

NEW YORK (UPI) — Steel wage negotiators, under Washington pressure to come up with a peaceful, non-inflationary pact, today began some serious home-work on basic contract issues.

The negotiators—four from each

side—recessed their joint bargaining talks until Tuesday to give them time to prepare arguments and counter-arguments.

The "brass tacks" bargaining talks which began on Monday have produced no apparent progress on a new contract covering 500,000 steelworkers. The present three-year agreement expires at midnight June 30.

At a joint press conference yesterday, the negotiators told reporters they would spend the next three days doing some "serious" research on basic contract issues.

Union Wants Increases

Neither side has given an inch on the stands they took prior to the start of the joint talks. The industry wants a one-year contract extension as a means of halting inflation. The union wants substantial increases in wages and fringes and says the industry can afford to grant these demands without resorting to a price hike.

President Eisenhower has called upon both sides to come up with a new pact that will not necessitate a price increase. The industry said there is only one way to accomplish this: freeze wages. The union called this suggestion economic nonsense.

Sen. Jacob Javits (R-N.Y.) Friday again urged the White House to call both negotiating teams to Washington in the event they fail to reach a new agreement or if they come up with a pact that threatens to increase inflation.

A Look Towards Washington
The negotiators are conducting their crucial contract talks with one eye cocked on Washington. In 1956, White House pressure was responsible for ending a 34-day strike and bringing about a three-year agreement which has given steelworkers a 62.5 cents an hour increase in wages and fringe items. The industry says that contract was a primary factor behind the last wage-price spiral.

Informed industry sources said the President will keep pressure on both sides during the negotiations but will not interfere directly if he can help it.

The industry has taken the government's interest as a mandate to hold the line on employment costs and prices in 1959. But the union insists its demands are not inflationary.

Neither David J. McDonald, president of the United Steelworkers Union, nor R. Conrad Copper, chief industry negotiator, has given any clue as to what they have discussed or what progress has been made.

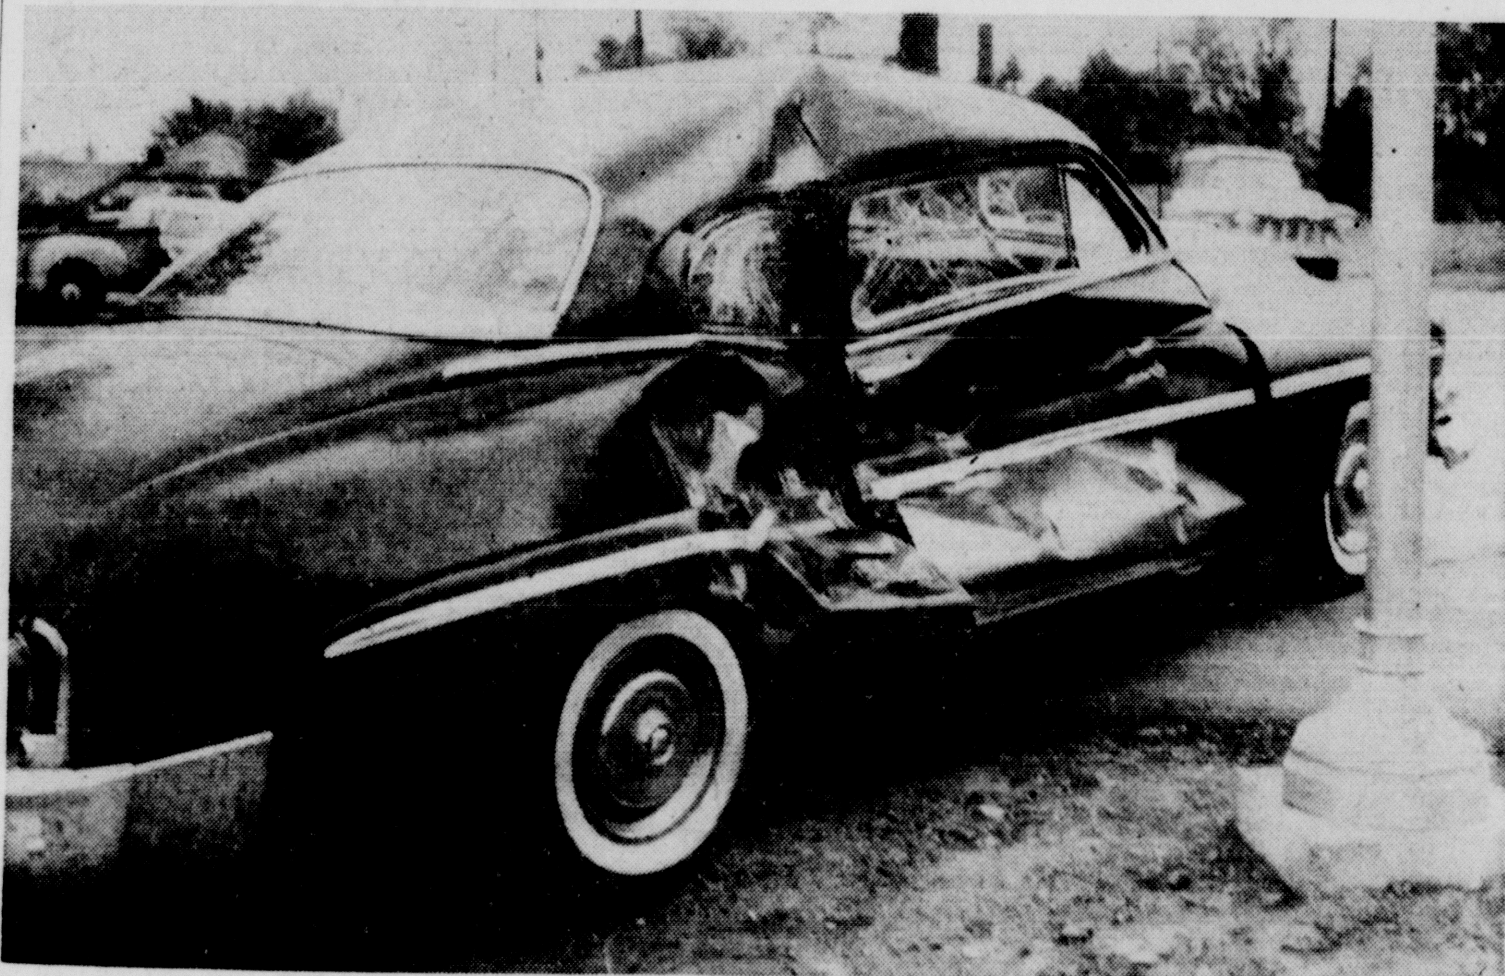

Technicians Vote To End TV Strike

NEW YORK (UPI)—A television technicians union voted Friday night to end its 19-day strike against the National Broadcasting Company.

The National Association of Broadcast Employees and Technicians (NABET) walked off their jobs at NBC April 27 after refusing to handle a video tape of French film actress Brigitte Bardot.

The settlement, was reached Thursday night but details were kept secret until the union voted. Under it NABET has relinquished all claims to jurisdiction over broadcast tape made outside the United States.

The dispute over the Bardot tape, made in Paris, put the NBC "Today" show temporarily off the air and blacked out NBC's national network for two hours. Supervisory personnel then took over program operations and continued to do so throughout the strike.

Avery Green, 53, of Anderson St., Bristol Terrace, died of injuries received in a collision yesterday with a school bus loaded with 47 persons. Green was a passenger in the car (top), driven by Jack Dillon, 28, of the Anderson St. address. The bus shows only slight damage. Bus passengers were unhurt. The accident occurred at the triple intersection of Magnolia, Bath and Bristol-Oxford Valley Roads, Bristol Township. (Courier-Times Photos)

Dennis Crosby Ordered To Pay Support

LOS ANGELES (UPI) — Bing Crosby's son Dennis today was under court order to pay \$350 monthly for support of a 17-month-old girl he denies is his daughter.

Young Crosby also was ordered to pay \$2,500 in attorney's fees to Mrs. Marilyn Miller Scott, 27, who charges in a paternity suit that he fathered her child, Denise Michelle.

Crosby, 25, has denied fathering the child, born Nov. 24, 1957. Superior Court Commissioner Victor J. Hayek made the award to Mrs. Scott yesterday pending trial of the suit but did not set a date for the trial.

Mrs. Scott, who divorced Philip James Scott in November, 1956, sought \$450 monthly support from Crosby. She said she already was receiving \$300 a month from Crosby by attorneys, but needed more for medical expenses.

Circus Parade Slated In Levittown Monday

The Cristiani Brothers, the world's largest traveling circus, boasting the world's largest traveling menagerie, will move into the Levittown Shopping Center and the Levittown Parkway Monday.

The first circus parade in the history of Levittown will be presented on the mall of the shopping center at noon, Monday, under the sponsorship of the Levittown Businessmen's Association.

The hour-long parade will be led by a herd of elephants and will include giraffes, rhinoceroses, hippopotamuses, wagon load after wagon load of caged animals, beautiful, smiling girls, clowns, trick horses, dogs and ponies.

Besides the standard circus acts, the spectacular spangled procession will also feature many historical floats and a tribe of full-blooded Apache Indians replete with full regalia and war paint.

The circus will arrive at the center from the circus lot at Route 13 and Haines Road, where they will have played yesterday. (Continued On Page 3, Col. 6)

47 Township Pupils Escape In Accident

By JIM GOODMAN
Courier-Times Staff Writer

A Bristol Terrace man died yesterday afternoon in Lower Bucks County Hospital, about 90 minutes after he was injured when the car he was riding in collided with a Bristol Township school bus.

Dead was Avery Green, 53, of 717 Anderson Ave.,

Bristol Terrace Two. A combination of head and internal injuries was the cause of death, hospital officials report.

However, the 47 second grade pupils from the Clara Barton School, Levittown, aboard the school bus escaped with only a few minor scratches and bruises reported.

Field Trip

The school children were returning from a field trip to the Fels Planetarium in Philadelphia when the accident happened, at 2:15 p.m.

The accident was witnessed by the victim's wife, Martha Green, who was driving a car behind the auto in which Green was a passenger.

The victim was one of two passengers in a car operated by Jack Dillon, 24, who boarded with and worked with Green. Also in the car was Dillon's younger brother, Rufus, 17, same address.

Bath Road Curve

The accident happened on a sharp curve of Bath Road, at Magnolia Road, Bristol Township.

Dillon, who had just purchased the 1951 sedan at an auto agency near Langhorne, was traveling north on Bath St. when the car and bus collided.

The Greens had driven the Dillon brothers to the auto agency to get the car.

The school bus, driven by John Malloy, 28, of 57 Rustleaf Lane, Levittown, was traveling south on Bath St. Both vehicles were believed to be moving on the green light at the Magnolia Ave. traffic light.

Malloy told police that the accident happened when the car started to make a left turn into Magnolia Ave.

Thrown From Car

The left front fender of the bus hit the car broadside, spinning it around a couple of times before it came to a stop on Magnolia Ave. The fender was the only part of the bus damaged.

Green and Jack Dillon were thrown from the car. Green was semi-conscious when Paul Motz, a service station owner and a mem-

Ax Wielder

Held In Bail

PHILADELPHIA (UPI) — A mental patient accused of attacking an Army major with a hatchet and then stabbing himself was held in \$50,000 bail yesterday at a hospital bedside hearing.

Frank Heckel Jr., 32, who escaped from Philadelphia State Hospital one day before the attack on James Leslie Riggins, 40, Haddonfield, N. J., was strapped hand and foot to his bed during the 20 minute hearing.

Riggins, picked as a random target in Rittenhouse Square Thursday, remained in critical condition at Graduate Hospital with his left side paralyzed from two blows on the head. Doctors could not say whether the paralysis is temporary or permanent.

Break Seen In Solving Lynch Case

POPLARVILLE, Miss. (UPI)—A break in the Mack Charles Parker lynching case was reported imminent today.

An authoritative source close to the FBI's probe of the three-week-old murder said at least seven Mississippians would be arrested "pretty soon." The feeling was prevalent that the break would come this week-end.

Activity has increased during the last three days by the more than 40 FBI agents here on the case. For the first time, unidentified persons were hauled to FBI headquarters. They were seen lying down in the back seats of automobiles and were quickly taken inside for questioning and photographing.

J. P. Walker, a garage owner at nearby Piquette, Miss., freely told a United Press International newsman the FBI had accused him of being a member of the mob which lynched the 23-year-old rape suspect April 25.

Walker, who is running for the office of sheriff, said agents questioned him several times and took him to a motel in Bogalusa, La., Thursday for additional interrogation. He was the fourth person to make such a statement.

"They treated me and talked to me like I was a nigger or a dog or something," Walker said.

The garage owner said he was in Poplarville the night Parker was abducted from the Pearl River County Jail, but he denied any implication in the case. He said he was only "politicking" and drinking coffee.

Parker, awaiting trial on a charge of raping the pregnant wife of a white guitar player in a hill-billy band, was removed from his cell three weeks ago today by nine or 10 hooded white men. His bullet-pierced body was found in the nearby Pearl River, the southernmost boundary between Mississippi and Louisiana.

Woman, Hit By Car, Dies In Hospital

A 44-year-old Trenton woman who was struck by a car in Morrisville Thursday night, died this morning in Trenton's Mercer Hospital.

Mrs. Dorothy Stovekens, of 401 Center St., was pronounced dead of multiple injuries at 3:15 a.m. She had been on the critical list since her admission to the hospital.

The accident happened about 8 p.m., Thursday, Morrisville police said the victim was hit by a car driven by Anthony Merger, 18, of 423 Richards St.

Merger told police he was on his way to buy his mother a birthday card when the accident happened.

The youth told police he was traveling about 20 to 22 miles-an-hour when he struck the victim. Mrs. Stovekens, police said, had just been dropped off by her son Richard, 28, when she was hit by the Mercer car. After leaving her son's car, police said, Mrs. Stovekens walked around the rear of the car to cross the street.

The victim was rushed to the hospital by members of the Union Fire Co. ambulance group of Morrisville.

Our own Christian Herter showing strength at Geneva talks.

The completeness of his plan for Germany and European security has Gromyko reeling and rehashing early Soviet proposals, long since rejected by the West.

Break reported imminent in the Mississippi lynching case, as more than 40 FBI agents work doggedly to bring the hooded band to justice.

Misbehaving kids get right into the slang of the day - all shook up.

People are now cleaning gardens of last year's weeds, to give this year's a chance.

Go to church tomorrow.

Ban Lifted Against UPI

MONTGOMERY, Ala. (UPI) — Gov. John Patterson yesterday lifted a ban against United Press International reporters covering his office and the Alabama executive department.

Patterson imposed the ban Monday saying he felt that a UPI dispatch Sunday quoting a state legislator speculating about a possible shakeup in Patterson's cabinet was criticism of his administration.

Donald F. Martin, UPI bureau manager here, had expressed "regret" that Patterson considered the dispatch "criticism."

In a statement to UPI here, Patterson lifted the ban saying "our state government strongly depends upon a well informed public and many people rely upon your press association to keep them posted."

"To continue to deny you access to any executive office or public officials is to deny the people their right to know I certainly do not want to deprive anyone of any information which is in the public interest."

The ban which Patterson imposed upon UPI reporters covering his office did not apply to public records.

Herter Visiting Italian Leaders

ROME (UPI) — Secretary of State Christian A. Herter arrived by air today to discuss Western policies with Italian leaders during a recess in the foreign ministers' conference in Geneva.

During a six-hour stay, Herter will pay a courtesy call on President Giovanni Gronchi and lunch with Premier Antonio Segni and Foreign Minister Giuseppe Pella.

His talks with Segni and Pella are expected to continue until shortly before his return to Geneva late today.

So far as is known, no arrangements have been made for Herter to visit Pope John XXIII, presumably because the secretary of state is to spend so short a time in Rome.

Italy's Communist Party, the largest west of the Iron Curtain, is not expected to cause any trouble during Herter's visit. The Reds here have concentrated on propaganda and infiltration during recent months, and there have been virtually no communist-led riots for some time.

Diplomatic circles said Herter probably will assure the Italians that the Western Big Three will make no departures from existing policies at Geneva without consulting their Allies.

The secretary also is expected to discuss the possibility that Pella may be called on to join the Big Four foreign ministers at Geneva meeting.

The first circus parade in the history of Levittown will be presented on the mall of the shopping center at noon, Monday, under the sponsorship of the Levittown Businessmen's Association.

The hour-long parade will be led by a herd of elephants and will include giraffes, rhinoceroses,

Commissioner Races Add Spice To Quiet Primary

Lawn Fete Festivities

Mary Ellen, Karen, Chrissy, and Patty Blanche of Old Orchard Lane, Bristol Township, are delighted with the antics of the clown at the Lower Bucks

County Hospital's Lawn Fete yesterday on the hospital grounds. The festivities continue today.

Local Fights May Bring Out Voters

Bucks County voters will pull the voting machines Tuesday in two primary elections which are very much alike. Neither the Democratic nor the Republican primary is expected to draw a big voter turnout.

A 35 per cent voter response is generally predicted.

Most of the voting will very likely be concentrated in Lower Bucks, Falls and Bristol Townships especially, where some local offices are hotly contested.

County-wide, the situation is the same in both parties. The only county office contested is commissioner where two independents are challenging the organization choices of each party.

Bucks County has 64,786 Republicans, 50,010 Democrats, 2,718 non-partisan voters and 797 of other parties, a total of 118,311. Only the Republicans and Democrats can vote Tuesday, except in Sellersville where all voters will pass on a proposed \$75,000 bond issue for street maintenance.

Commission Candidates

Each party will nominate two commission candidates. The candidates, in voting order, are:

Democrats: David H. Struble, 40, Levittown; Adolph A. Andrews, 47, Croydon; John T. Welsh, 44, Doylestown and J. Patrick Ansbro, 42, Levittown.

Republicans: Edward B. Boyer, 39, Levittown; Paul C. Voltz, 56, Langhorne; John Justus Bodley, 43, Doylestown and Thomas R. Lewis, 69, Perkasie.

Welsh and Andrews, the Democratic organization candidates, are now in office. Welsh has been chairman of the board of commissioners since his party elected him and Andrews in November, 1955.

Struble is a perennial "rebel," but this year is running apparently alone against the Democratic organization. He is Falls Township tax collector and four years ago ran in November for register of wills. Ansbro lost the commissioner nomination to Welsh and Andrews in 1955.

"Mr. Democrat"

Welsh is openly recognized as Bucks county's Mr. Democrat, regardless of who is party chairman. He was minority commissioner four years on a Republican-run board until 1955.

Andrews was president of the Bristol Township Commissioners and an official of Local 130, AFL-CIO United Auto Workers, the union at Kaiser Metal Products, Inc., Bristol, when elected to the county board. Ansbro is a project engineer and a former vice president of the Falls Township Democratic organization.

Welsh and Andrews are running on their records as commissioners in which they boast of the tax reassessment, county parks, industrial promotion, library and planning programs, and the new court house construction under-

Lawn Fete Continues Until 8 Tonight

The first annual lawn fete of the Lower Bucks County Hospital will continue until 8 p.m. tonight. The affair started yesterday at 4 p.m. and today's festivities began at 10 a.m.

The affair, sponsored by the Lower Bucks County Hospital Women's Auxiliary, will raise funds for the hospital's expansion program.

pital auxiliary, are in charge of the booth. The auxiliary is sponsoring the country fair, the first annual Lawn Fete of the Lower Bucks County Hospital.

way. Publicly, at least, they never mention Struble and Ansbro.

Ansbro's campaign has been silent; at least it hasn't reverberated in Doylestown. Struble has hurled several charges against Welsh and Andrews but hasn't drawn answers from them.

"Ins" On Inside

In the Democratic primary, in other words, the "ins" are still on the inside, with organization backing and the "outs" are still looking in.

It's just the opposite in the Republican race. The GOP organization is pushing two former "rebels," Boyer and Bodley, against its minority commissioner, Lewis and state commit-

tee-man, Voltz.

Cilman and Lower Bucks Republican chairman, bucked the organization in 1955 by staying behind Lawrence A. Monroe for commissioner when the organization switched to Lewis. Boyer is now an assistant county chairman for Lower Bucks.

Lawyer, Ex-FBI Agent

Bodley, a lawyer and former FBI agent, ran against the organization seeking nomination for district attorney in 1957 and assemblyman in 1958.

Voltz, a fuel oil dealer and former newspaperman, was chairman of the Bucks County Citizens for Eisenhower committee in 1956 and the Scott-McGonigle campaign last fall.

Lewis, a district manager for the United Gas Improvement Co., was cast aside by the Republican organization when he sought a new nomination in 1955, but later endorsed.

Lewis, though running in a different primary election from Welsh and Andrews, is, in a way, a running mate. He boasts of the same record.

Boyer and Bodley are meeting all the Republican party workers in a stiff round of kaffee klatches, rallies and talks. They avoid mentioning the two independents, but criticize Welsh and Andrews.

Candidates

Its no contest the rest of the way down both county tickets. The county candidates are:

Democrat: For register of wills, Stanley I. Reichley, 50, Perkasie, now county treasurer; treasurer, John D. Dougherty, 39, Bristol, president of Local 130, AFL-CIO United Auto Workers; Clerk of Orphans Court, Eva Horne Derr, incumbent.

Clerk of quarter sessions, George E. Burge, 34, Morrisville real estate and insurance broker; Coroner, Thomas C. Lamb, Feasterville, incumbent; surveyor, Mitchell Mitnick, 34, Levittown, engineer.

Republican: For register of wills, William Joseph Veitch, 33, Levittown, salesman; treasurer, Raymond Francis Bassett, 35, Wycombe, inventory control and payroll clerk, clerk of orphans court, Margaret H. Knowlton, Silverdale, housewife.

Clerk of quarter sessions, Robert W. Tootell, 42, Morrisville, insurance agent; coroner, Wilmer S. Trinkle, 29, Hatfield RD, physician; surveyor, Donald S. Weisel, 47, Doylestown, engineer.

State Level

Of interest on the state level are the contests for supreme court judge. Associate Judge Thomas D. McBride is backing the party candidates in both primaries. McBride as state attorney general came to Bucks County to halt the Levittowners accused of harrasing the first negro family in that community.

Judge Michael Eagen is the organization candidate in the Democratic primary. Blair F. Gunther in the Republican primary.

The uncontested candidates for superior court judge are Harry M. Montgomery, Democrat and Albert Johnson, Republican.

Bubbling Over Pot Causes \$50 Damage

A pot of sugar and water boiled over in a Levittown home yesterday afternoon causing about \$50 to the area around the stove.

Deputy Chief Albert Conn, Levittown Fire Co. No. 2, said Mrs. Richard Birchard, 45 Almond Lane, Appleton Hill, was baking cookies when the pot boiled over. Flames shot up damaging the walls and cabinets, venetian blinds, and the area around the stove. He estimated damage at about \$50.

Eleven men and two fire engines responded to the alarm.

'59 Season To End With Free Concert

The 1958-59 season will come to an end tomorrow afternoon when the Delaware Valley Philharmonic Orchestra and Chorus presents a free community concert in the Bensalem High School Auditorium.

The concert has been arranged through a grant from the Trust Fund of the Recording Industries and with the cooperation of Local 77, American Federation of Musicians, Philadelphia.

Henry Kerr Williams will direct the orchestral and choral forces of the Philharmonic. The two groups have held two weeks of extra rehearsals to prepare the program.

The Bensalem High School lo-

Levitt Moves Out Of Bucks

William J. Levitt, builder of Levittown, has moved from his home "Landia" in Red Cedar Hill to an estate in Elkin Park, Montgomery County it was learned today.

The news came to light after the Bristol Township Board of Commissioners decided to ask the builder to send away two huge dogs he kept at "Landia."

People living near the Levitt home had complained that the dogs had frequently broken out of the property, surrounded by a high fence and attacked other animals and sometimes children.

Just a week ago three children were knocked down and bitten, reportedly by Levitt's dogs. After several residents complained of the dogs at the Wednesday night meeting of the board, the commissioners voted to send Levitt a letter asking the builder to send the dogs to his farm in Montgomery County.

In the letter the commissioners said they would take some action if the dogs were not moved.

After the commissioners agreed to send the letter the Courier-Times learned that Levitt had moved from his house. The move was made Monday, two days before the commissioners met.

Levitt took both his dogs, one a German Shepherd and the other a giant Pyrenees, to the farm with him.

Circus

(Continued From Page 1)

under the sponsorship of the Edgely and Levittown No. 2 fire companies.

The parade will proceed from the shopping center down Route 13 to the circus lot where they have scheduled a matinee and evening performance, also for the benefit of the local fire units.

Monday show times are 3:30 and 8 p.m.

Special police and guards are working with the LBA to effect a system to handle the parade in safe and orderly fashion.

B. Stockett

Services Set

Funeral services for Benjamin F. Stockett, father of Bristol Township School Board President, Benjamin F. Stockett Jr., will be held Monday at 9 a.m. from Murphy's Funeral Home, 1002 Radcliffe St., Bristol.

Mr. Stockett, husband of Mary L. Coyne Stockett, 227 Green Lane, Bristol, died Wednesday at the Veterans Hospital, Philadelphia, after a lengthy illness.

Besides his wife, survivors include two daughters, Mrs. Carl Henderson, Glassboro, N.J. and Betty Stockett, Bristol; four sons, Benjamin Jr., Levittown, Roland, Scottsdale, Ariz., Carlon, Levittown, and Robert of Bristol, and 17 grandchildren.

Mr. Stockett, who was 63, was born in Denver, Colo., and lived in Lower Bucks for the past 18 years. He was employed as a supervisor at Kaiser Metal, Bristol.

A Requiem Mass will be held Monday at 10 a.m. St. Mark's Church, Bristol, Interment, Beverly National Cemetery, Beverly, N. J. Friends may call tomorrow evening.

47 Township

(Continued From Page 1)

ber of the Bucks County Rescue Squad, arrived on the scene.

Using an emergency oxygen tank, Motz treated the victim until the rescue squad ambulance arrived to take the victim to the hospital.

Jack Dillon was knocked out when he was thrown to the road but he suffered only a few minor cuts and bruises.

The victim was pronounced dead at 3:45 p.m. in the hospital. Bucks County Coroner Thomas Lamb was notified.

Accompanied By Teachers

Two school teachers, Mrs. Joyce Kalodner and Miss Faith Fitch, were on the 60-seat school bus with the children.

Malloy, the bus driver, signalled another township school bus that happened on the scene to stop. It was empty. The bus driver and the teachers made a quick check to see that none of the children were injured.

Within a few minutes, the children were loaded onto the second bus. Ten minutes later they were back at the Clara Barton School where they were examined by the school nurse and physician.

Shaken Up

School officials report the children were only shaken up by the sudden stop the bus made.

As a precautionary measure, the school sent each child home with a letter addressed to his or her parents. The parents were advised to consult a physician if the children should show any after effects of the accident.

Patrolmen Edward Ellison and Charles Haines, Bristol Township Police investigated the accident. They did not fix the blame on either of the drivers.
